

CMS – Contract Maintenance Service

Comprehensive services for your reciprocating engines and compressors

Cameron offers tailored CMS programs for the specific requirements of your compression facility that are designed to increase the reliability of your equipment while lowering operational costs and reducing the risk of catastrophic failure.

CONTRACT MAINTENANCE SERVICES

Turn the responsibility for the maintenance of your reciprocating compression equipment or facility over to our staff of experienced maintenance professionals under a Cameron Contract Maintenance Services (CMS) agreement.

Cameron will design a customized, comprehensive CMS program to keep your equipment on-line at peak efficiency at the lowest possible operating and maintenance cost, aligning our goals with yours:

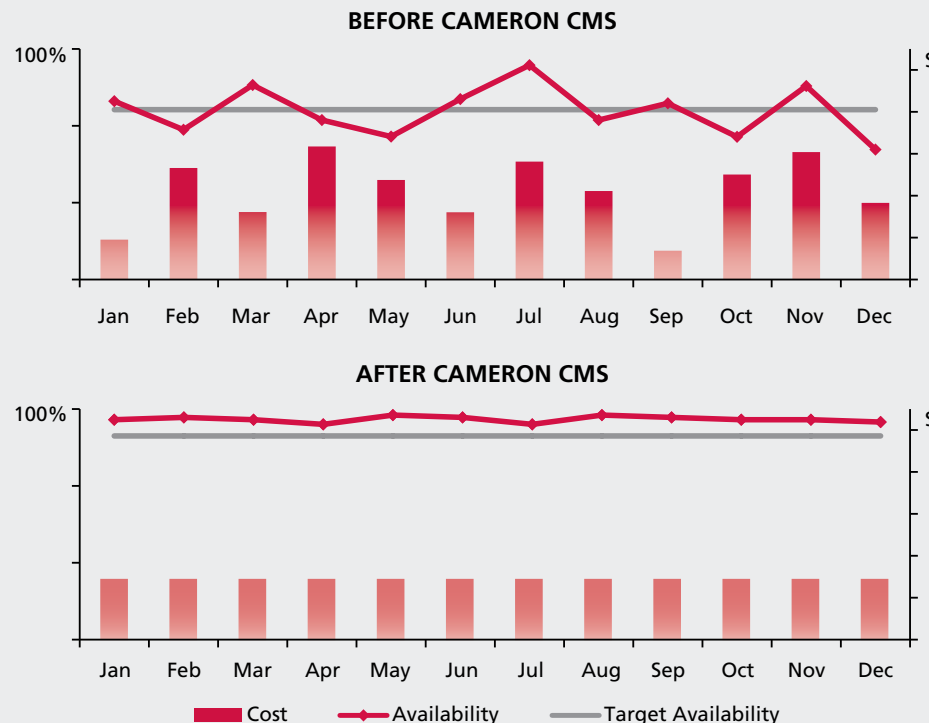

- Maximize Production
- Extend Equipment Life
- Minimize Cost
- Operate Safely

As an OEM, Cameron is uniquely qualified to be responsible for operating and maintaining your engines and compressors, regardless of your equipment's manufacturer.

Your CMS program can be customized to your needs, including:

- | | |
|--|---|
| <input type="checkbox"/> Quality Parts | <input type="checkbox"/> Total Maintenance |
| <input type="checkbox"/> Expert Field Services | <input type="checkbox"/> Balance of Plant Maintenance |
| <input type="checkbox"/> Repair and Remanufacture | <input type="checkbox"/> Equipment/Facility Operation |
| <input type="checkbox"/> Inventory Management | <input type="checkbox"/> Inspection and Diagnostics |
| <input type="checkbox"/> Defined Scope Maintenance | <input type="checkbox"/> Performance Monitoring |
| <input type="checkbox"/> Major/Minor Overhauls | <input type="checkbox"/> Predictive Maintenance |

Operating and Maintenance Budget

WHY CHOOSE CAMERON?

EXPERIENCE

- Cameron has been providing contract maintenance for more than 25 years.
- We've been building and servicing engines and compressors for more than a century.
